

21<sup>st</sup> March 2017

Dear Parents,

As we come up to the end of the financial year, we have to renew all of our contracts for our services. Our contract with our School App provider has come to an end and we have now signed up with E4Education, who currently host our website. I am confident that their app will be just as useful to parents in giving you instant access to news and information from school.

You will need to search the relevant App Store (Google Play Store or Apple App Store) for School News. It is an orange icon that looks like this:

When you open the app, you have to search for our school (you only have to do this once). Once you have selected our school, you will have access to all of the news items, calendar dates, letters etc and should receive notifications when content is updated. You can always ensure that you have the most recent content by choosing the 'Get Updates' option from the menu.

Please note that the app won't notify you when there are new posts to the class blog – this will still be done via our Facebook page. You can still access the blog though from within the app – it's listed in the 'more' tab at the top under 'Our Class Blog Pages'.

If you have any problems in accessing the new app please get in touch with the school office who will be able to help you.

Yours faithfully,

Mr S. Cox  
Headteacher
